MEMORANDUM

TO: Mr. Levin - New York
Mr. Cowdrill - Indianapolis
Mr. Dinner - Chicago.

FROM: Harold Weisberg.

SUBJECT: Distribution of the Hearings of this Committee.

Will you please contact the International Offices of Unions in your cities, as soon as possible, and find out how many copies of our hearings they will want? The Preliminary Hearings are going to be reprinted. The Hearings of August 21st and September 22nd, 23rd, 24th and 25th, will be published in two volumes. It will be necessary that we have orders before going to press because after these volumes are printed no extra copies will be available.

The cost of the Preliminary Hearings will be approximately 15¢ each. The two volumes of the Hearings proper will cost 30 to 35¢ each, and there will be a discount of 25% on orders of one hundred or more.

I have contacted unions with International Offices in Washington and find that they prefer getting a complete set for each Local. I have told them about the spy list which will be included, etc., etc.

If you will advise me how many sets each International Office will want, and with whom I should correspond in each office, I shall appreciate it very much.

Both volumes are at the printers and I expect page proofs to be returned shortly. You can see from this, that if the matter is not attended to promptly the publication will be held up, or the Unions will find themselves without copies.
